INTERNATIONAL PRELIMINARY REPORT ON PATENTABILITY

(Chapter II of the Patent Cooperation Treaty)

(PCT Article 36 and Rule 70)

Applicant's or agent's file reference 3940 PCT	FOR FURTHER ACTION See Form PCT/IPEA/416							
International application No.	International filing date (day/month/year) Priority date (day/month/year)							
PCT/SE2004/001821	08.12.2004							
	<u>i. </u>	09.12.2003						
International Patent Classification (IPC) or national classification and IPC								
F42B 1/00								
Applicant								
Eurenco Bofors AB et	al							
This report is the international pre Authority under Article 35 and tr	 This report is the international preliminary examination report, established by this International Preliminary Examining Authority under Article 35 and transmitted to the applicant according to Article 36. 							
2. This REPORT consists of a total of 3 sheets, including this cover sheet.								
3. This report is also accompanied by ANNEXES, comprising:								
<u></u>		sheets, as follows:						
sheets of the description, claims and/or drawings which have been amended and are the basis of this report and/or sheets containing rectifications authorized by this Authority (see Rule 70.16 and Section 607 of the Administrative Instructions).								
sheets which supersede earlier sheets, but which this Authority considers contain an amendment that goes								
beyond the disclosure in the international application as filed, as indicated in item 4 of Box No. I and the Supplemental Box.								
b. (sent to the Internation	onal Bureau only) a total of (indicate type and n	number of electronic carrier(s))						
, containing a sequence listing and/or tables related thereto, in electronic form only, as indicated in the Supplemental Box Relating to Sequence Listing (see Section 802 of the								
Administrative Instructions).								
 This report contains indications re Box No. I Basis or 	elating to the following items: f the report							
	<u>-</u>							
Box No. II Priority								
<u> </u>	ablishment of opinion with regard to novelty, is	nventive step and industrial applicability						
Box No. IV Lack of	unity of invention							
	Box No. V Reasoned statement under Article 35(2) with regard to novelty, inventive step or industrial applicability; citations and explanations supporting such statement							
Box No. VI Certain	documents cited							
Box No. VII Certain	defects in the international application							
Box No. VIII Certain	observations on the international application							
Date of submission of the demand Date of completion of this report								
Date of completion of this report								
30.06.2005	10.10.2005	10.10.2005						
Name and mailing address of the IPEA/SE		Authorized officer

INTERNATIONAL PRELIMINARY REPORT ON PATENTABILITY

International application No.

PCT/SE2004/001821

	No. I	Basis of the report					
1.	With r	regard to the language, this report is based on:					
	\boxtimes	the international application in the language in which it was filed					
	Ш	a translation of the international application into which is the language of a translation furnished for the purposes of:					
		international search (Rules 12.3(a) and 23.1(b))					
		publication of the international application (Rule 12.4(a))					
		international preliminary examination (Rules 55.2(a) and/or 55.3(a))					
2.	furnish	With regard to the elements of the international application, this report is based on (replacement sheets which have been furnished to the receiving Office in response to an invitation under Article 14 are referred to in this report as "originally filed and are not annexed to this report):					
		the international application as originally filed/furnished					
		the description:					
		pages as originally filed/furnished					
		pages* received by this Authority on					
		pages* received by this Authority on					
		the claims:					
		pages as originally filed/furnished					
		pages* as amended (together with any statement) under Article 19					
		pages* received by this Authority on					
		pages* received by this Authority on					
		the drawings:					
		pages as originally filed/furnished					
		pages* received by this Authority on					
		pages* received by this Authority on					
		a sequence listing and/or any related table(s) - see Supplemental Box Relating to Sequence Listing.					
3.		The amendments have resulted in the cancellation of:					
		the description, pages					
		the claims, Nos.					
		the drawings, sheets/figs					
		the sequence listing (specify):					
		any table(s) related to the sequence listing (specify):					
4. This report has been established as if (some of) the amendments annexed to this report and listed bel made, since they have been considered to go beyond the disclosure as filed, as indicated in the Suppler 70.2(c)).							
		the description, pages					
		the claims, Nos.					
		the drawings, sheets/figs					
		the sequence listing (specify):					
		any table(s) related to the sequence listing (specify):					
*	If item	4 applies, some or all of those sheets may be marked "superseded."					

INTERNATIONAL PRELIMINARY REPORT ON PATENTABILITY

International application No.

PCT/SE2004/001821

Box No. V Reasoned statement u		under Article 35(2) with regard to novelty, inventive step or industrial applicability; ations supporting such statement		
1. Statement				
Novelty ((N)	Claims Claims	1-13	YES NO
Inventive	e step (IS)	Claims Claims	1-13	YES NO
Industria	l applicability (IA)	Claims Claims	1-13	YES NO

2. Citations and explanations (Rule 70.7)

The documents cited in the International Search Report represent the prior art. The claimed invention according to claims 1-13 is not considered to be anticipated by these documents. None of the documents nor any relevant combination of them reveal a method and arrangement for producing propellant for charges with high density and high progressivity.

According to the arguments stated above, the invention claimed in claims 1-13 is novel, considered to involve an inventive step and has industrial applicability.
